ABOUT ME

I am Francesco, a final-year student at the ITT Computer Science Institute in Bari, with a strong interest in cybersecurity. I combine my academic background in networks and systems with personal study and exploration of security topics. I am proactive, methodical, and looking for my first opportunity to apply my skills and gain hands-on experience in the field.

EDUCATION AND TRAINING

Technical High School Diploma

ITT Panetti Pitagora - Bari

2021-2026

I obtained my Technical Diploma from ITT Panetti in Bari. This five-year program allowed me to build a solid foundation in computer science and algorithmic principles. Final grade: 100/100 with honors.

Erasmus + & Mobility, IMS

Rethymo - Grecia

06/2025

I completed an active work-based learning program during my Erasmus experience in Greece, where I had the opportunity to be mentored by IMS IT, carrying out technical tasks related to Data Analysis and Server Management.

Computer Engineering - Politecnico di Milano

POLIMI - Milan

2026-...

I started my engineering path in the field of Computer Engineering at Politecnico di Milano, Leonardo campus. This choice was motivated by the wide range of career and professional opportunities that this field offers for the future.

WORK EXPERIENCE

◆ IMS IT Agency - Rethymo

06/2026

I worked as an unpaid intern at IMS IT Agency in Greece during the Erasmus+ project. I applied my development skills using technologies such as Docker, Java, Tailwind, Debian, SSH, and APIs.
